

Max Internet

Newsletter Sept. 2002

BUY AND SELL: The online [buy & sell](#) is up and running. Post your ads FREE and you can put pictures with them. Logging in gives you control of a nice interface that lets you edit, delete and time your ads. Try it out, it costs nothing.

YELLOW PAGES: There's now a [Fort St. James Yellow Pages](#) online. It's absolutely free to put your business up on it. You just need to do it yourself. Spend 5 minutes, publicity is everything in business.

REDOING SERVICES: The message boards that we have been using from beseen.com will be deactivated by the end of the month. We will be putting up our own systems for messaging like we did for the guestbook.

HOME PAGE: To set your start page to our local site, right-click your explorer Icon on your desktop (on XP from the start menu) and pick properties from the list. Where it says start page type in www.fsjames.com/localindex.htm (or cut and paste from here), then click APPLY. Or you can type www.fsjames.com into your URL, wait for the sortweb portal to load and click the MAX link on the right. Wait for the page to load and click the SET HOME button on the left.

FREE YEAR'S INTERNET: Our contest to win a free year of unlimited Internet is now over. There was no winner, no one entered.

WEB PAGES: Everyone with an account has a FREE 2 MB personal web page space. To activate it, you must call in. If you run a business, there's big advantages to a web page. Mike's Saddles gets orders and e-mail from all over the world from his. It's just a matter of doing it and then spreading the message. If you want a full-featured service the sortweb 60 day free trial is still available by going to www.fsjames.com and joining up.

NEW PROPERTY SITE: There's a new site offering bargain prices to post Northern BC properties for sale at www.bcrealty.biz If you are listing your home, you should get better results than you would from a few posters that only people here can see....

BACK TO SCHOOL COMPUTERS: We have info on some back to school computer systems and can even set up leases again. Come into the office for a flyer.

LINKS: On the local web page there's a drop down menu under the Google search. Links have been added there for Horoscope, 6-49 numbers and even Isola Bella's takeout menu!

MAX CD: A new Max Internet CD is available for \$12.95 that contains customized browsers, net utilities, anti-virus programs, different operating systems to try and a collection of demo version programs for you to test. You can even find the missing Java component for your XP Explorer browser that isn't there when you click the update button! Save hours of downloading & optimize your computer. Over 600 Megs of software on the disk.
